Donate a Car, Boat, Truck and More...

If you have an unwanted vehicle or boat, RV or motorcycle, why not consider donating it?

If you are thinking of disposing or recycling a used car, why not consider donating it instead?

It will be picked up and towed away at no cost to you and you will receive a tax receipt for its assigned value. Knowledge Network has partnered with Donate A Car Canada to make it as easy and as simple as possible (for both you and Knowledge Network!).

For more information about this program, we encourage you to visit Donate A Car Canada's website at www.donatecar.ca or phone them toll free at 1-877-250-4904.
